RAVEGuardian

Now your phone can keep you safe and help protect your friends.

Rave Guardian is one of the best ways to improve your personal safety and also protect your friends by building your own private safety network. This app provides instant communication with friends, family, co-workers, campus safety, and 9-1-1. Download today for free from the App Store or Google Play!

Download today!

1. Scan the QR code, or search for Rave Guardian in the App Store or Google Play store.
2. Download the app and register using your Mason email address.
3. Complete a short safety profile, and check your email to verify your account.

Available on the **App Store**

ANDROID APP ON **Google play**

Learn more about Rave Guardian's features

Inbox
Instantly receive critical messages from campus safety, such as Mason Alerts and Timely Warnings.

Guardians
Trusted friends and family can be granted permission to watch over you when you activate your safety timer.

Safety Timer
Set a safety timer to allow your Guardians to monitor your status and location while the timer counts down.

Send a Tip
Send an anonymous tip to the Mason Police. This feature supports 2-way communication and photo attachments.

Call GMU Police
If you are in danger or are witness to an active emergency, tap this button to call the Mason Police department.

Call 9-1-1
Tap this button to call 9-1-1. Your call will be routed to the nearest dispatch center, not to the Mason Police.
